PATRONAGE

THIRD EDITION of CARLOTTA AWARD

in the frame of the International Conference

“From Seed to Pasta V”

BARI - ITALY, 24 - 27 September 2025

The Prize celebrates women scientists working on genetics and genomics of wheat and related species and is reserved exclusively to women researchers under 40 at the deadline submission.

The application must consist of an original scientific paper, published or accepted for publication (between Nov.2022-Apr.2025) or ready to be submitted to one journal (indicate the journal and the Editorial Group: Wiley, Elsevier, MDPI).

The scientific work of the candidates should be focused on the following:

- a) THEMATIC AREA A:
wheat genetics, genomics and breeding (2,3,4 and 5 sessions of FSTP-5)
- b) THEMATIC AREA B:
sustainable wheat production for security, food quality and safety, durum wheat-pasta value chain (1, 6 and 8 of sessions FSTP-5)

[Deadline submission 30/04/2025](#)

Note: the registration to the International Conference remains the early fee for the candidates that submit their applications
